moderate

## Work Experience

● Weather App

2021-2022

I have created this weather App for my College pbl. This weather App helps us to get weather information of any city for the next two days.

● TextUtils

2021-2022

I had created this website to help myself from doing unnecessary work with the website I can calculate my speed and with this I can hear what is written in it.

● Portfolio

2021-2022

I created this Portfolio to illustrate my skills and to show other what I am capable of doing.
